2. Bidder should do the enrolment in the e-Procurement site using the <https://eprocure.gov.in/eprocure/app> option available "Enrol Here" on the home page Portal. Enrolment is free of charge. During enrolment / registration, the bidders should provide the correct / true information including valid e-mail ID. All the correspondence shall be made directly with the Employers / bidders through e-mail ID provided.
3. Bidder need to login to the site through their user ID/ password chosen during enrolment / registration.
4. Then the Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by SIFY/TCS/n-Code/e-Mudra or any Certifying Authority recognized by CCA India on e-Token/Smart Card, should be registered.
5. The DSC that is registered only should be used by the bidder and should ensure safety of the same.
6. Tenderer / Bidder may go through the tenders published on the site and download the required tender documents / schedules for the tenders he/she is interested.
7. After downloading / getting the tender document / schedules, the Bidder should go through them carefully and then submit the documents as asked.
8. Bidder then logs into the site through the secured log in by giving the user ID / password chosen during enrolment / registration and then by giving the password of the e-Token / Smart Card to access DSC.
9. Bidder selects the tender which he/she is interested in by using the search option & then moves it to the "my favourites" folder.
10. From the favourite's folder, he selects the tender to view all the details indicated.
11. It is construed that the bidder has read all the terms and conditions before submitting their offer. Bidder should go through the tender schedules carefully and upload the documents as asked; otherwise, the bid will be rejected.
12. Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in general PDF/xls/rar/jpg formats. If there is more than one document, they can be clubbed together and can be provided in the requested format. Each document to be uploaded through online for the tenders should be less than 2 MB. If any document is more than 2MB, it can be reduced through zip/rar and the same can be uploaded, if permitted.

13. If there are any clarifications, this may be obtained through the site (or) through the contract details (or) during the pre-bid meeting, if any. Bidder should take into account the Corrigendum published from time to time before submitting the online bids.
14. The Bidders can update well in advance, the documents such as certificates, annual report details etc., under My Space option and these can be selected as per tender requirements and then send along with bid documents during bid submission. This will facilitate the bid submission process faster by reducing upload time of bids.
15. Bidder should submit the Tender Fee & EMD as specified in the tender. The copy of the RTGS payment made should be posted / couriered / given in person to the Tender Inviting Authority within the due date as mentioned in this tender document. Scanned copy of the RTGS payment made should be uploaded as part of the offer.
16. While submitting the bids online, the bidder reads the term & conditions and accepts the same to proceed further to submit the bid packets.
17. The details of the RTGS should tally with the details available in the scanned copy and the data entered during bid submission time. Otherwise submitted bid will not be acceptable.
18. The bidder has to digitally sign and upload the required bid documents one by one as indicated. Bidders to note that the very act of using DSC for downloading the bids and uploading their offers shall be deemed to be a confirmation that they have read all sections and pages of the bid document including General conditions of contract without any exception and have understood the entire document and are clear about the requirement of the tender requirements.
19. The bidder has to upload the relevant files required as indicated in the cover content. In case of any irrelevant files, the bid will be rejected.
20. If the price bid format is provided in a spread sheet file like BoQ_xxxx.xls, the rates offered should be entered in the allotted space only and uploaded after filling the relevant columns. The Price Bid / BOQ template must not be modified / replaced by the bidder else the bid submitted is liable to be rejected for this tender.
21. The bidders are requested to submit the bids through online e-tendering system to the Tender Inviting Authority (TIA) well before the bid submission end date & time (as per Server System Clock). The TIA will not be held responsible for any sort of delay or the difficulties faced during the submission, of bids online by the bidders at the eleventh hour.
22. After the bid submission, the acknowledgement number, given by the e-tendering system should be printed by the bidder and kept as a record or evidence for online submission of bid for the particular tender and will also act as an entry pass to participate in the bid opening date.

23. The bidder should ensure / see that the bid documents submitted should be free from virus and if the documents could not be opened, due to virus, during tender opening, the bid is likely / liable to be rejected.
24. The time settings fixed in the server side & displayed at the top of the tender site, will be valid for all actions of requesting, bid submission, bid opening etc., in the e-tender system. The bidders should follow this time during bid submission.
25. All the data being entered by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered will not be viewable by unauthorized persons during bid submission & not be viewable by any one until the time of bid opening.
26. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid openers" public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized bid openers.
27. The confidentiality of the bids is maintained since the secured Socket Layer 128 bit encryption technology is used. Data storage encryption of sensitive fields is done.
28. The bidder should logout of the tendering system using the normal logout option available at the top right hand corner and not by selecting the (X) exit option in the browser.

- (i) This will contain total amount to be charged for completing the work. The total amount shall be quoted as a lump-sum amount as under:
- (ii) While working out total cost, following points should be noted.
 - a) The Tenderer will have to make their own arrangements for the transport / accommodation / TA/DA of their personnel assigned to this project for their site works, visiting various offices and other places for meetings, presentations and discussions.
 - b) Bidders are advised to submit quotation strictly based upon technical specification, terms and conditions contained in technical specifications, terms and conditions contained in documents and not to stipulate any deviations. Any change in this may lead to rejection of bid
 - c) The amount quoted would deem to have included all the incidental cost including cost of Bid containing qualifying expressions such as “subject to minimum acceptance” or “subject to availability of material/ equipment” etc. is liable to be rejected.

4. BID EVALUATION

- (i) Selection of the bidder for the Survey work shall be based on Technical bid and Financial bid evaluation.
- (ii) Financial bid (Price bids) will be evaluated and compared based on Lowest prices quoted (L-1). No weightage carries over on Technical bid evaluation at the time of Financial bid evaluation.
- (iii) From the time the Proposals are opened to the time the Contract is awarded, the Tenderer should not contact the Employer on any matter related to its Technical and/or Financial Proposal. Any effort by Tenderer to influence the Employer in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Tenderer" Proposal.
- (iv) The tender shall be evaluated by the Tender Evaluation Committee (TEC) constituted by the employer.
- (v) The employer shall consider the financial proposal only after analysing and evaluating the Technical Proposals and finding the bidder fit / qualified for considering his financial proposal.
- (vi) The tender committee shall evaluate the Technical Proposals on the basis of the merit of the bidder, their experience and exposure in the respective field, their responsiveness to the Terms of Reference and the schematic plan, tentative diagrams and drawings as submitted by the bidder. Proposal may be rejected if it is found deficient as per the requirement indicated in the tender document. Only responsive proposals shall be further taken up for evaluation. Evaluation of the technical proposal will start first and at this stage the financial bid (proposal) will remain unopened. The IWAI may request any / all bidders for furnishing clarifications on its technical proposal during the evaluation process. Such requests will be communicated in writing and the clarifications to be furnished thereon shall not lead to any changes in the financial offer.
- (vii) Financial proposals of only those firms who are technically qualified shall be opened on a subsequent date with due prior intimation in the presence of the Tenderer representatives who choose to attend. If any of the tenderer or his agent is not present at the time of opening of tender, the TEC shall open the tenders of the absentee tenderer and same shall then be binding on the absentee tenderer.
- (viii) The name of the Tenderer, their technical qualification and their financial proposal shall be read out. The TEC will correct any computational errors. When correcting computational errors, in case of discrepancy between a partial amount and the total amount, or between word and figures, the former

will prevail. The Employer will keep a register of representatives attending the meeting.

- (ix) The EMD shall be retained with the IWAI until finalization of tenders. Further, security deposit as per the clause of Security shall be payable by the successful bidder. If the tenderer fails to furnish the security deposit in accordance with tender conditions EMD shall be forfeited. In the event of the Bidder becoming the successful Contractor. The amount of EMD would be adjusted against the Security deposit.
- (x) IWAI shall, however, arrange to release the EMD in respect of unsuccessful bidders within 30 (thirty) days of placement of order to successful bidder. No interest shall be payable on EMD by IWAI.
- (xi) Late bids, delayed bids received after the stipulated last date and time for receipt of bids, due to any reasons whatsoever will not be considered.
- (xii) The successful tenderers shall be required to execute a contract Agreement in the given format. In case of any refusal / failure on the part of such successful tenderer to execute such a contract shall be deemed to be a failure on the part of such successful bidder to comply with the terms contained herein.
- (xiii) None of these documents shall be used by the successful Tenderer for any purpose other than of this contract.
- (xiv) IWAI reserves the right to reject any or all bids without assigning any reasons

33.4 On termination of the contract in full or part, the Engineer-in-Charge may direct that a part or whole of such plant, equipment and materials, structures be removed from the site of the work as well as from the land/premises allotted to the contractor for his preliminary, enabling and ancillary works, within a stipulated period if the contractor shall fail to do so

within the period specified in a notice in writing by the Engineer-in- Charge, the Engineer-in-Charge may cause then to be sold, holding the net proceeds of such sale to the credit of the contractor, which shall be released after completion of works and settlement of amounts under the contract.

- 33.5 If the expenses incurred or to be incurred by the Authority for carrying out and completing the incomplete work or part of the same, as certified by the Engineer-in-Charge, are in excess of the value of the work credited/ to be credited to the contractor, the difference shall be paid by the contractor to the Authority. If the contractor fails to pay such an amount as aforesaid, within thirty days of receipt of notice in writing from the Engineer-in-Charge, the Engineer-in-Charge shall be empowered to recover such amount from any sum due to the contractor on any account under this or any other contract or from his security deposit or otherwise.
- 33.6 Also, the Engineer-in-Charge shall have the right to sell any or all of the contractor's unused materials, constructional plant, equipment, implements, temporary building / structures etc. and apply the proceeds of sale thereof towards the satisfaction of any sums due from the contractor under the contract and if thereafter there may be any balance outstanding from the contractor, the Engineer-in-Charge shall have powers to recover the same in accordance with the provisions of the contract.
- 33.7 The contractor shall not construct any structure even of a temporary nature for any other purpose on IWAI office premises & Engineer-in-Charge's representative's office or houseboat, or any such things except with the written permission of the EIC and any such construction so put up shall be removed by the contractor whenever the EIC or his representative calls upon the contractor to remove. Any dispute or difference in respect of either the interpretation effect or application of the above conditions or of the amount recoverable there under by the purchaser from the Contractor, shall be decided by the Chairman.
- (i) IWAI also reserves its right to determine/ terminate the contract on following basis:
 - (ii) Authority shall, at any time, be entitled to determine and terminate the contract, for any cause whatsoever. A notice in writing from the Owner to the Contractor shall be issued giving 15 (fifteen) days time for such determination and termination including the reason thereof.
 - (iii) The contractor upon receipt of such notice, shall discontinue the work on the date and to the extent specified in the notice, make all reasonable efforts to obtain cancellation of all orders and contracts to

the extent they are related to work terminated, and upon terms satisfactory to the Authority, stop all further sub-contracting or purchasing activity, related to the work terminated and assist the Authority in maintenance, protection and disposition of the works acquired under the contract by the Authority.

- (iv) Should the contract be determined under the sub-clause (i) of the said clause, the Contractor shall be paid compensation, equitable and reasonable dictated by the circumstances prevalent at the time of termination.”.

CLAUSE - 34: COMPLETION TIME AND EXTENSIONS

34.1 Time allowed for execution of the work as specified or the extended time, if any, in accordance with these conditions shall be essence of the contract.

34.2 However, if the work is delayed on account of:

- i) Increase in the quantity of work to be done under the contract as per clause 16, or
- ii) Suspension of work as per clause 30; or
- iii) Rebuilding of work as per clause 31; or
- iv) "Force Majeure" as per clause 27; or
- v) Any other cause which, in absolute discretion of the Engineer-in-Charge is beyond the contractor's control; then immediately upon the happening of any such events as aforesaid, the contractor shall inform the Engineer-in-Charge accordingly, but the contractor shall nevertheless use constantly his best endeavors to prevent and/or make good the delay and shall do all that may be required in this regard. The Contractor shall also request, in writing, for extension of time, to which he may consider himself eligible under the contract, within fourteen days of the date of happening of any such events as indicated above.

34.3 In any such case as may have arisen due to any of the events, as aforesaid, and which may have been brought out by the contractor in writing, the Engineer-in-Charge may give a fair and reasonable extension of time, after taking into consideration the nature of the work delayed and practicability of its execution during the period of extension. Provided in the event of non-receipt of a request for such extensions from the contractor for reasons whatsoever, the Engineer-in-Charge may, at his sole discretion and with due regard to the event, grant fair and reasonable extension of time not more than 1/3rd of the total completion period without any financial

implication. Such extensions, if admissible, shall be communicated to the contractor by the Engineer-in-Charge in writing within one month of the date of receipt of such request or within one month of the occurrence of the event, but in any case before expiry of the contract period.

CLAUSE – 35: COMPENSATION FOR DELAY

- 35.1 If the contractor fails to complete all items of works in respect of any of the sub- group/group and/or work as a whole as the case may be and before the expiry of the period(s) of completion as stipulated in the aforesaid tender or any extended period (not due to the fault of the contractor) as may be allowed, he shall without prejudice to any other right or remedy of the Authority on account of such default, pay as an ascertained/agreed compensation as per Clause No. 36.

CLAUSE – 49: VALIDITY OF TERMS & CONDITIONS:

49.1 The parties agree that if any term or provision of this contract is declared by a Court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be effected and the right and obligations of the parties shall be construed and enforced as if this contract did not contain the particular term or provision held to be invalid.

PART- III

TECHNICAL & SPECIAL CONDITIONS

A. TECHNICAL CONDITIONS:

1. Objectives

The objective of the contract is to conduct Detailed Hydrographic Survey between Talcher and Pankapal stretch (120 km) of National Waterway – 5, Odisha (Phase-II) for conducting Mathematical Model Study, assessment of river training works, collection of Water level data in Phase – 1 stretch and for calculating further developmental cost for ecofriendly safe navigation.

2. Scope of Work

The Scope of work shall cover all technical aspects of Hydrographic Survey at par with International Standards including the following for development of the river / canal for inland navigation:-

- i. Detailed bank to bank Hydrographic Survey is to be conducted. The soundings are to be reduced to Chart Datum (CD) / Sounding Datum (SD) to assess the navigability of the waterway.
- ii. Topographical Survey on both the banks for a width of about 25 m on each side of bank are to be surveyed. The cross section and spacing of spot levels are to be kept at the similar to the Hydrographic survey soundings intervals. The Topographical Survey levels are to be reduced to Datum, so that the entire cross sections including bank levels will have soundings / levels reduced to Datum. Permanent structures located within this corridor are also required to be indicated.
- iii. Bench Mark Pillars (RCC) of size 30cm x 30cm x 60cm above ground level are to be constructed on the high bank with sufficient foundation as per site condition at 10 km interval between Talcher and Pankapal. In addition, 6 Nos. of BM Pillars are also to be constructed at Mangalgadi, Padanipal, Manpur, Krishnadaspur, Erada and Pankapal near to tide gauge location.
- iv. Each BM Pillar should have XY Coordinate with sub-meter accuracy. Reduced Level (Z Coordinate) on top of the BM Pillar should have value with respect to Chart Datum / Sounding Datum and also to be connected with MSL value. The detailed description of each Bench Mark in separate sheet as per standard procedure along with its position and value are to be given in the report for future recovery.
- v. Standard method shall be adopted for transfer of Datum in rivers. For tidal reaches standard transfer of Datum as per Admiralty Manual shall be adopted.

- vi. Longitudinal profile from Paradip to Talcher consisting of River bed, Low Water Level (C.D), High Water Level w.r.t MSL shall be prepared similar to the sample drawing enclosed at the last page of the Tender document.
- vii. Manual Tide Gauges are to be established at 6 locations viz. Mangalgadi, Padanipal, Manpur, Krishnadaspur, Erada and Pankapal and same are to be connected to the newly constructed Bench Mark Pillars. Hourly readings w.r.t Datum are to be taken from 06.00 hrs to 18.00 hrs for a period of 6 months and same is to be recorded in a proper register. Tide gauges at different levels for each locations are to be established for taking uninterrupted reading throughout the year (during Lean season and Monsoon season).
- viii. Hard copy and Soft copy (Excel format) of the monthly tide gauge readings are to be submitted to IWAI at every month. These 6 Nos. of Tide gauges are to be left at site after completion of 6 months period for further continuation of collecting gauge reading by IWAI Bhubaneswar office.
- ix. Land survey by using Total Station / equivalent levelling instrument shall be carried out at Talcher terminal. Spot levels at 10 m x 10 m grid for an area of about of 300 m x 100 m area (or) as directed by the E-I-C representative at site shall be carried out. The Reduced Level of the spot levels are to be reduced with respect to Datum. The terminal survey chart shall be prepared in 1:500 scale.
- x. Dredging quantity is to be estimated for a channel dimension of 45 m bottom width x 3.0 m depth below Datum from Talcher to Pankapal Stretch for NW-5 with side slope of 1:5.
- xi. Cross structures such as Road / Railway bridges, HT / LT power lines, Telephone lines, cables enroute etc, which are all built across the river are to be identified. The inner to inner clear horizontal span between pillars / towers are to be measured. The bottom of the deck slab of bridges / power line w.r.t to Navigational High Flood Level (NHFL) are also to be measured and indicated in the report. Photographs of each bridges are to be indicated in the report.
- xii. The existing condition of both the banks (Protected / Unprotected) and length & type of bank protection required are to be indicated in the report.

3. Area of Work

Detailed Hydrographic Survey is to be conducted between Talcher and Pankapal stretch (120 km) of National Waterway – 5, Odisha.

Tide Gauges are to be establishment between Paradip / Dhamra and Talcher stretch (332 km) of National Waterway – 5, Odisha.

4. Terms of Reference (ToR) for detailed Hydrographic Survey between Pankapal to Talcher

The detailed hydrographic survey is to be carried out by using Automated Hydrographic Survey System (using digital Echo sounder for depth measurement, GPS/DGPS/latest equipment for position fixing and Hypack (or) equivalent Hydrographic survey software for data logging). The Horizontal control is to be made from the charts generated from Satellite imageries duly registered with the corresponding Toposheets. The chart shall also be suitably updated with prominent land features from the Toposheets / site condition. The Vertical control is to be established with respect to the Chart Datum / Sounding Datum already established by Central Water Commission / State Irrigation Department gauge stations along the river / canal (or) suitable C D / S D are to be established by the Contractor. The Datum values are to be given w.r.to Mean Sea Level (MSL). Other Terms of Reference for the survey work shall be as given below

- a. Erect Water level gauges at every 10 km interval (Pankapal to Talcher) and readings are to be taken at 1 hr. interval for 12 hours (6 AM to 6 PM) for the entire period of survey (from the starting date to till the completion of Hydrographic Survey). The Zero of the gauges is to be connected to a top level of the nearest Bench Mark by leveling. The Zero of the Gauge shall be kept at the Zero level of the CD / SD. The CD / SD value shall be connected with respect to MSL.
- b. Cross-section sounding lines are to be run from bank to bank at 100 m interval for the river portion and at 50 m interval for the canal portion to identify the navigable channel. Continuous soundings are to be taken by running the sounding boat at constant speed on the cross-section so as to get smooth contours.
- c. Dry area / very shallow depth area within the bank to bank river channel, which could not be surveyed by using boat are to be surveyed by spot levels using Total Station / equivalent levelling instruments with the same interval of Hydrographic survey soundings and their levels are to be reduced to Datum, so that the entire bank to bank cross sections will have soundings reduced to Datum.
- d. All survey equipments are to be tested for their accuracy before deployment in the survey area. Accuracy of survey equipment will be checked daily in the field to ensure that all data collected meets standard procedure.
- e. Necessary bar check on depth & position are to be conducted daily at the starting & ending day of survey work and same shall be made available for checking by the E-I-C (or) his representative during their site visit.
- f. The soundings are to be reduced to the Chart Datum/ Sounding Datum established at every gauge stations.

- g. On completion of the cross-sections, Thalweg (longitudinal) route is to be identified/ established by linking deepest soundings on the cross-sections.
- h. The survey chart is to be prepared on a scale of 1:10000 (for width more than 500 m) & 1:5000 (for width less than 500 m) for the river portion and 1:1000 for the canal portion. Contours of 1 m, 2 m, 5 m and 10 m are to be indicated on the charts.
- i. Shallow patches / shoal and submerged sand-chur having less than 2 m depth, rocky outcrops, rapids and other navigational impediments are to be indicated on the charts.
- j. The Contractor may erect temporary tide gauges at 6 locations (Mangalgadi, Padanipal, Manpur, Krishnadaspur, Erada and Pankapal) immediately after signing the Agreement and start taking reading, later on proper tide gauges shall be installed and reading taken through temporary tide gauges shall be regularized.
- k. The Current velocity (at Surface level, half of the depth & above river bed) Float observation (right side, center & left side of the river) and discharge are to be observed once at every 10 km interval during the survey period. Their positions & value are to be plotted on the chart and details are to be mentioned in the report.
- l. Bottom samples & Water sample at surface, at 0.5 depth & at 0.2 d from river bed (d = Depth of Water) are to be collected from the deepest route at every 10 km interval and are to be tested & the characteristics of the soil & water are to be incorporated in the report and its positions are to be plotted on the chart.
- m. All prominent shore features, berthing place, existing jetty, ferry ghats, approach roads and other conspicuous objects are to be fixed and indicated on the chart. A brief writes up on condition of the shore features are to be included in the report.
- n. The Road / Railway bridges, HT / LT power lines, Telephone lines, cables enroute etc. built across the river between Pankapal and Talcher are to be identified. The inner to inner clear horizontal span between each pillars / towers constructed within river portion are to be measured. The bottom of the deck slab of bridges / power line w.r.t to Navigational High Flood Level (NHFL) are also to be measured and indicated in the report.
- o. Details of water intake / lift irrigation structures are to be collected and shown on the charts.

AND WHEREAS to meet the purpose aforesaid both the parties have agreed to enter into this Integrity Agreement (hereinafter referred to as “Integrity Pact” or “Pact”), the terms and conditions of which shall also be read as integral part and parcel of the Tender/Bid documents and Contract between the parties.

NOW, THEREFORE, in consideration of mutual covenants contained in this Pact, the parties hereby agree as follows and this Pact witnesses as under:

Article 1: Commitment of the Principal/Owner

- 1) The Employer commits itself to take all measures necessary to prevent corruption and to observe the following principles:
 - (a) No employee of the Principal / Owner, personally or through any of his/her family members, will in connection with the Tender, or the execution of the Contract, demand, take a promise for or accept, for self or third person, any material or immaterial benefit which the person is not legally entitled to.
 - (b) The Employer will, during the Tender process, treat all Bidder(s) with equity and reason. The Employer will, in particular, before and during the Tender process, provide to all Bidder(s) the same information and will not provide to any Bidder(s) confidential / additional information through which the Bidder(s) could obtain an advantage in relation to the Tender process or the Contract execution.
 - (c) The Employer shall endeavour to exclude from the Tender process any person, whose conduct in the past has been of biased nature.
- 2) If the Employer obtains information on the conduct of any of its employees which is a criminal offence under the Indian Penal code (IPC) / Prevention of Corruption Act, 1988 (PC Act) or is in violation of the principles herein mentioned or if there be a substantive suspicion in this regard, the Employer will inform the Chief Vigilance Officer and in addition can also initiate disciplinary actions as per its internal laid down policies and procedures.

Article 2: Commitment of the Bidder(s) / Contractor(s)

1. It is required that each Bidder / Contractor (including their respective officers, employees and agents) adhere to the highest ethical standards, and report to the IWAI all suspected acts of fraud or corruption or Coercion or Collusion of which it has knowledge or becomes aware, during the tendering process and throughout the negotiation or award of a contract.
2. The Bidder(s) / Contractor(s) commit himself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the Tender process and during the Contract execution:

- a) The Bidder(s) / Contractor(s) will not, directly or through any other person or firm, offer, promise or give to any of the Principal / Owner's employees involved in the tender process or execution of the contract or to any third person any material or other benefit which he / she is not legally entitled to, in order to obtain in exchange any advantage of any kind whatsoever during the Tender process or during the execution of the contract.
 - b) The Bidder(s) / Contractor(s) will not enter with other Bidder(s) into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specifications, certifications, subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to cartelize in the bidding process.
 - c) The Bidder(s) / Contractor(s) will not commit any offence under the relevant IPC / PC Act. Further the Bidder(s) / Contractor(s) will not use improperly, (for the purpose of competition or personal gain), or pass on to others, any information or documents provided by the Employer as part of the business relationship, regarding plans, technical Bids and business details, including information contained or transmitted electronically.
 - d) The Bidder(s) / Contractor(s) of foreign origin shall disclose the names and addresses of agents/representatives in India, if any. Similarly Bidder(s) / Contractor(s) of Indian Nationality shall disclose names and addresses of foreign agents / representatives, if any. Either the Indian agent on behalf of the foreign principal or the foreign principal directly could bid in a tender but not both. Further, in cases where an agent participate in a tender on behalf of one manufacturer, he shall not be allowed to quote on behalf of another manufacturer along with the first manufacturer in a subsequent / parallel tender for the same item.
 - e) The Bidder(s) / Contractor(s) will, when presenting his bid, disclose any and all payments he has made, is committed to or intends to make to agents, brokers or any other intermediaries in connection with the award of the Contract.
3. The Bidder(s) / Contractor(s) will not instigate third persons to commit offences outlined above or be an accessory to such offences.

4. The Bidder(s) / Contractor(s) will not, directly or through any other person or firm indulge in fraudulent practice means a wilful misrepresentation or omission of facts or submission of fake / forged documents in order to induce public official to act in reliance thereof, with the purpose of obtaining unjust advantage by or causing damage to justified interest of others and / or to influence the procurement process to the detriment of the Government interests.
5. The Bidder(s) / Contractor(s) will not, directly or through any other person or firm use Coercive Practices (means the act of obtaining something, compelling an action or influencing a decision through intimidation, threat or the use of force directly or indirectly, where potential or actual injury may befall upon a person, his / her reputation or property to influence their participation in the tendering process).

Article 3: Consequences of Breach

Without prejudice to any rights that may be available to the Employer under law or the Contract or its established policies and laid down procedures, the Employer shall have the following rights in case of breach of this Integrity Pact by the Bidder(s) / Contractor(s) and the bidder/Contractor accepts and undertakes to respect and uphold the Principal/Owner's absolute right:

1. If the Bidder(s)/Contractor(s), either before award or during execution of Contract has committed a transgression through a violation of Article 2 above or in any other form, such as to put his reliability or credibility in question, the Employer after giving 14 days' notice to the Contractor shall have powers to disqualify the Bidder(s)/Contractor(s) from the tender process or terminate/determine the Contract, if already executed or exclude the Bidder/Contractor from future contract award processes. The imposition and duration of the exclusion will be determined by the severity of transgression and determined by the Principal/Owner. Such exclusion may be forever or for a limited period as decided by the Principal/Owner.
2. Forfeiture of EMD/Performance Guarantee/Security Deposit: If the Employer has disqualified the Bidder(s) from the tender process prior to the award of the contract or terminated/determined the contract or has accrued the right to terminate/determine the contract according to Article 3(1), the Employer apart from exercising any legal rights that may have accrued to the Principal/Owner, may in its considered opinion forfeit the entire amount of Earnest Money Deposit, Performance Guarantee and Security Deposit of the Bidder/Contractor.

3. Criminal Liability: If the Employer obtains knowledge of conduct of a bidder or Contractor, or of an employee or a representative or an associate of a bidder or Contractor which constitutes corruption within the meaning of IPC Act, or if the Employer has substantive suspicion in this regard, the Employer will inform the same to law enforcing agencies for further investigation.

Article 4: Previous Transgression

- 1) The Bidder declares that no previous transgressions occurred in the last 5 years with any other Company in any country confirming to the anticorruption approach or with Central Government or State Government or any other Central/State Public Sector Enterprises in India that could justify his exclusion from the Tender process.
- 2) If the Bidder makes incorrect statement on this subject, he can be disqualified from the Tender process or action can be taken for banning of business dealings/ holiday listing of the Bidder/Contractor as deemed fit by the Principal/ Owner.
- 3) If the Bidder/Contractor can prove that he has resorted / recouped the damage caused by him and has installed a suitable corruption prevention system, the Employer may, at its own discretion, revoke the exclusion prematurely.

Article 5: Equal Treatment of all Bidders/Contractors

- 1) The Bidder/Contractor shall be responsible for any violation(s) of the principles laid down in this agreement/Pact by any of its sub-vendors.
- 2) The Employer will enter into Pacts on identical terms as this one with all Bidders and Contractors.
- 3) The Employer will disqualify Bidders, who do not submit, the duly signed Pact between the Employer and the bidder, along with the Tender or violate its provisions at any stage of the Tender process, from the Tender process.

Article 6: Duration of the Pact

This Pact begins when both the parties have legally signed it. It expires for the Contractor 12 months after the completion of work under the contract.

If any claim is made/lodged during the time, the same shall be binding and continue to be valid despite the lapse of this Pacts as specified above, unless it is discharged/determined by the Employer.

Article 7: Other Provisions

- 1) This Pact is subject to Indian Law, place of performance and jurisdiction is the Headquarters of the Division of the Employer, who has floated the Tender.
- 2) Changes and supplements need to be made in writing. Side agreements have not been made.
- 3) If the Contractor is a partnership or a consortium, this Pact must be signed by all the partners or by one or more partner holding power of attorney signed by all partners and consortium members. In case of a Company, the Pact must be signed by a representative duly authorized by board resolution.
- 4) Should one or several provisions of this Pact turn out to be invalid; the remainder of this Pact remains valid. In this case, the parties will strive to come to an agreement to their original intensions.
- 5) It is agreed term and condition that any dispute or difference arising between the parties with regard to the terms of this Integrity Agreement / Pact, any action taken by The Employer/Principal in accordance with this Integrity Agreement/ Pact or interpretation thereof shall not be subject to arbitration.

Article 8: LEGAL AND PRIOR RIGHTS

All rights and remedies of the parties hereto shall be in addition to all the other legal rights and remedies belonging to such parties under the Contract and/or law and the same shall be deemed to be cumulative and not alternative to such legal rights and remedies aforesaid. For the sake of brevity, both the Parties agree that this Integrity Pact will have precedence over the Tender/Contact documents with regard any of the provisions covered under this Integrity Pact.
