

MINUTES OF PRE BID MEETING HELD ON 10-01-2014 AT IWAI OFFICE, PANDU PORT FOR THE SLIPWAY PROJECT AT PANDU

A meeting was held between IWAI; IWT, Govt. of Assam and WAPCOS at IWAI office, Pandu Port, Guwahati on 10-01-2014 for the slipway project at Pandu. The officials present during the meeting are detailed below:-

A. Officials from IWAI:-

- 1) Mr. Arun Roy, Director
- 2) Mr. N.C. Konar, Dy. Director
- 3) Mr. Karor Singh, T.A.(M)

B. Officials from IWT, Govt. of Assam:-

- 1) Mr. Victor Carpenter, ACS, Director
- 2) Mr. Musfiqur Rahman, Joint Director

C. Official from WAPCOS:-

- 1) Mr. Shashanka Pratim

During the meeting, the representative from WAPCOS enquired from IWAI and IWT, Assam the following:-

- 1) At how many places the bore holes are to be driven and data obtained? Whether such data are available with IWAI?
- 2) Whether the work also includes projections of traffic and availability of water level data?

The representative of WAPCOS also indicated that since he is not from the field, he will fax/e-mail further details as will be required by WAPCOS. The representative of WAPCOS was advised that he may go through the tender document in detail and all relevant data as felt important by the consultant shall have to be obtained by them. On enquiry, Joint Director, IWT, Assam informed that no survey data is available with them and since the half completed wells are lying for a considerable time, there will be sufficient silt accumulation and WAPCOS will have to explore that upto what depth the wells have been driven and whether the wells are suitable for being a part of the forthcoming structure and necessary load test, if required, to be carried out.

The representative from WAPCOS obtained a copy of the land map and took photographs of the site and informed that he may send further queries from the respective section of WAPCOS after further discussion with them.

The meeting ended with a vote of thanks to the chair.
