- 28.2 If it appears to the Engineer-in-Charge or his representative at any time during to or prior to the expiration of the Defects Liability period that any work has been executed with unsound, imperfect or unskilled workmanship or that any materials or articles provided by the Contractor for execution of the work are unsound or of a quality inferior to that contracted for, or otherwise not in accordance with the Contract, or that any defect, shrinkage or other faults found in the work arising out of defective or improper materials or workmanship, the Contractor shall, upon receipt of a notice in writing in that behalf from the Engineer-in- Charge forthwith rectify or remove and reconstruct the work so specified

in whole or in part, as the case may be, and/or remove the materials/articles so specified and provide other proper and suitable materials at his expense.

- 28.3 All damages caused by accidents or carelessness of the contractor or any of his employees or any property belonging to the Authority is wasted or is misused by the contractor or any of his employee shall be to the account of the contractor, who shall make good the loss.

#### **CLAUSE – 29 : CONTRACTOR'S LIABILITY AND INSURANCE**

- 29.1 From commencement to completion of the work(s) as a whole, the Contractor shall take full responsibility for the care thereof and for taking precautions to prevent loss or damage. He shall be liable for any damage or loss that may happen to the works or any part thereof and to the Authority's Plant, Equipment and Material (hired or issued to the Contractor) shall be in good order and condition and in conformity in every respect with the requirements of the Contract and instructions of the Engineer-in-Charge.
- 29.2 i) Neither party to the contract shall be liable to the other in respect of any loss or damage which may occur or arise out of "Force Majeure" to the works or any part thereof on to any material or article at site but not incorporated in the works or to any person or anything or material whatsoever or either party provided such a loss or damage could not have been foreseen or avoided by a prudent person and the either party shall bear losses and damages in respect of their respective men and materials. As such liability of either party shall include claims/ compensations of the third party also.
- ii) Provided, however, in an eventuality as mentioned in sub-clause - 29.2 (i) above, the following provisions shall also have effect :
- (a) The Contractor shall, as may be directed in writing by the Engineer-in-Charge proceed with the completion of the works under and in accordance with the provisions and conditions of the contract, and
- (b) The Contractor shall, as may be directed in writing by the Engineer-in-charge, re-execute the works lost or damaged, remove from the site any debris and so much of the works as shall have been damaged and carry the Authority's T & P, Plant and Equipment, Material etc. to the Authority's store. The cost of such re-execution of the works, removal of damaged works and carrying of Authority's store shall be ascertained in the same manner as for deviations and this shall be added to the contract sum. Provided always that the Contractor shall, at his own cost, repair and make good so much of the loss or damage as has been occasioned by any failure on his part to perform his obligations under the contract or not taking precautions to prevent loss or damage or minimise the amount of such loss or damage, Final assessment of loss or damage shall be decided by the Engineer-in-Charge and his decision shall be final and binding.

- 29.3 The contractor shall take special precautions to see that public places and roads adjacent to contractor's yard are not blocked at anytime either by his material or by his workmen. The roads are to be kept always clear and no equipment/materials shall be stacked.
- 29.4 The navigable waterways shall not be blocked by Contractor's vessels. The anchors dropped in the waterways shall be properly marked and removed after done with.
- 29.5 The contractor shall indemnify and keep indemnified the Authority against all losses and claims for death, injuries or damage to any person or any property whatsoever which may arise out of or in consequence of the construction and maintenance, of works during the contract period and also against all claims, demands, proceedings, damages, costs, charges and expenses whatsoever in respect of or in relation thereto, and such liabilities shall include claims/compensations of the third party.
- 29.6 (a) Before commencing execution of the work, the Contractor shall without in any way limiting his obligations and responsibilities under this condition, insure against any damage, loss or injury which may occur to any property (excluding that of the Authority but including the Authority building rented to the contractor wholly or in part and any part of which is used in part and any part of which is used by him for storing combustible materials) public liability by arising out of the carrying out of the contract. For this purpose the contractor shall take out, pay all costs and maintain throughout the period of his contract public liability with the following coverage.
- i) Public liability limits for bodily injury or death not less than Rs. 1,00,000 for one person and Rs. 2,00,000 for each accident.
  - ii) Property liability limits for each accident not less than Rs. 1,00,000 ;
  - iii) The Contractor shall prove to the Engineer-in Charge from time to time that he has taken out all the insurance policies referred to above and has paid the necessary premiums for keeping the policies alive till expiry of the Defects Liability Period.
- (b) The Contractor shall ensure that similar insurance policies are taken out by his sub-contractor (if any) and shall be responsible for any claims or losses to the Authority resulting from their failure to obtain adequate insurance protection in connection thereof. The Contractor shall produce or cause to be produced by his sub-contractors (if any) as the case may be, relevant, policy or policies and premium receipt as and when required by the Engineer-in-Charge.
- (c) If the contractor and/or his sub- contractor (if any) shall fail to effect and keep in force the insurance referred to above or any other insurance which he/they may be required to effect under the term of the Contract then and in any such case the Authority may, without being bound to effect and keep in force any such insurance and pay such premium or premiums as may be necessary for that purpose and from

time to time deduct the amount so paid by the Authority from any moneys due or which may become due to the contractor or recover the same as a debt due from the contractor.

- (d) The contractor shall at his own expense arrange for the safety provisions as required in respect of the works covered under this contract as per the instruction of Engineer-in-charge. In case, the contractor fails to comply with the provisions of the safety the Engineer- in-Charge shall be entitled to and make the necessary arrangements at the risk and cost of the contractor. This will, however, not absolve the Contractor of his overall responsibility to execute the works under the contract.

### **CLAUSE – 30 : SUSPENSION OF WORKS**

- 30.1 The contractor shall on the order of the Engineer-in-Charge suspend the progress of the works or any part thereof for such time or times and in such manner as the Engineer-in-Charge may consider necessary and shall during such suspension properly protect and secure the work so far as is necessary in the opinion of the Engineer-in-Charge.

### **CLAUSE – 31: FORECLOSURE OF CONTRACT IN FULL OR IN PART DUE TO ABANDONMENT OR REDUCTION IN SCOPE OF WORK**

If at any time after acceptance of the tender the Authority decides to abandon or reduce the scope of the works for reason whatsoever and hence does not require the whole or any part of the works to be carried out, the Engineer-in-Charge shall give notice in writing to that effect to the contractor and the Contractor shall have no claim to any payment of compensation or otherwise whatsoever, on account of any profit or advantage which he might have derived from the execution of the works in full but which he could not derive in consequence of the fore closure of the whole or part of the works.

### **CLAUSE – 32 : TERMINATION OF CONTRACT ON DEATH**

If the Contractor is an individual or a proprietary concern and the individual or the proprietor dies, or if the Contractor is a partnership concern and one of the partners dies, then, unless the Engineer-in-Charge is satisfied that the legal representatives of the individual contractor or of the proprietor of the proprietary concern and in the case of partnership, the surviving partners are capable of carrying out and completing the contract, the Engineer-in-Charge shall be entitled to terminate the Contract as to its incomplete part without the Authority being in anyway liable to payment of any compensation whatsoever on any account to the estate of the deceased Contractor and/or to the surviving partners of the Contractor's firm on account of termination of the Contract. The decision of the Engineer-in-Charge that the legal representatives of the deceased contractor or the surviving partners of the Contractor's firm cannot carry out and complete the works under the contract shall be final and binding on the parties. In the event of such termination, the Authority shall not hold the estate of the deceased Contractor and/or the surviving partners of the Contractor's firm liable for damages for not completing the contract. Provided that the power of the Engineer-in-Charge of such

termination of contract shall be without prejudice to any other right or remedy which shall have accrued or shall accrue to him under the contract.

### **CLAUSE- 33 : CORRUPT PRACTICE & TERMINATION OF CONTRACT IN FULL OR IN PART**

#### **33.1 If the contractor**

- i) commits default in complying with or commits breach of any of the terms and conditions of the contract and does not remedy it or take effective steps to remedy it immediately and not later than 10 days in any case after a notice in writing is given to him in that behalf by the Engineer-in-Charge; or
- ii) fails to complete the work (s) or any item of work (s) within the time or any extended time under the contract and does not complete the work (s) or any item of works within the period specified in a notice given in writing in that behalf by the Engineer-in-Charge ; or

## PART III

### TECHNICAL SPECIFICATION AND SPECIAL CONDITIONS

#### (A) OBJECTIVE AND AREA OF WORK

1. Inland Waterways Authority of India (IWAI) is a statutory body set up in 1986 under the Ministry of Surface Transport, Govt. of India. The Authority is entrusted with development, maintenance and management of National Waterways for shipping and navigation. The Objective of the work is to maintain a minimum depth of 2 meter by dredging of shallow patches.
2. Following have been declared as National Waterways
  - (i) National Waterway No. 1 (Haldia to Allahabad, 1547 Km)
  - (ii) National Waterway No. 2 (Bangladesh Border – Sadia 891 Km)
  - (iii) National Waterway No.3 (Kollam—Kottapuram and Champakara and Udyogamandal Canal 205 Km)
3. In NW-1 there is considerable difference between flood and lean season discharges and water level. The maximum water level difference is about 10 m. The current in the river ranges from 0.5 to 4 m/s. However, the current during the lean season seldom exceeds 1.5 m/s.
4. The scope of the proposed work towing and shifting of Cutter Suction Dredgers in NW-1 & NW-2. The tugs shall extend the assistance to the dredger during dredging operation for shifting and placing of the anchors, pipelines and supply of logistics POL etc.

#### (B) Duration of work:-

- 1.0 The hiring of Tugs and its operation is for a period of initially six months which may be extended for further period as per the requirement. The Tugs supplied on hire basis shall conform to the following specifications:

#### Principal Dimension & main particulars:-

##### **Tugs installed with marine engines capacity from 700 to 800HP**

LOA	=	30m. (Approx.)
Breadth	=	8mt. (Approx)
Depth	=	3.0 mt. (Approx)
Draft	=	1.5mt. (Maxim)
Propulsion system	=	Twin/triple screw of 700 to 800 HP.
Speed	=	Aprx. 9 knot (free running)

Davit = One tonne capacity  
Winch (preferably) = 50 NT.

- i. The Tugs proposed shall have the facilities for both side & pull towing and be able to deliver adequate bollard pull for the intended duty.
  - ii. The Tugs shall have sufficient bunkering facilities for operation minimum 15 days. The accommodation facilities for minimum 6 nos. crew shall also be available. The tug shall be river worthy, well built having registered with any state IWT Date, Port Authority, MMD as per the I.V. Act, the Major Port Trust Act and the merchant Shipping Act respectively or any other equivalent Act. The tugs should have the valid survey certificates of the concerned Authority at the time of operation.
  - iii. The Tugs shall have adequate numbers of statutory appliances such as LSA, FFA etc. as per Inland Vessels act 1917 or equivalent Act. All the life saving and fire fighting equipment shall be of approved quality and available at all the time and maintained in good condition.
  - iv. The principal dimension of the tug and work boat shall be such that it can be able to tow the dredger, accommodation boats and pipeline in the river Ganga and Brahmaputra during lean and flood season. The bollard pull shall be sufficient preferably to tow the dredger by push tow or side tow and accordingly the Tugs must be equipped with suitable Marine engine. The Tugs shall be equipped with handing winch to shift the anchors and pipelines.
  - v. The Tugs shall be used for towing and shifting of the Cutter Suction Dredges (length = 40 m, breadth = 9.2 m; capacity 500 cu.m. per hour) in NW-1. The Tugs shall extend the assistance to the dredger during dredging operation for shifting and placing of the anchors, pipelines, supply of logistics i.e. POL etc. The tug will be hired on bare boat charter basis. Accordingly the tugs shall be manned with competent and certified crew. Hiring charges would be paid along with the running charges.
  - vi. Only the qualified, experienced and competent crew with competency certificate shall be deployed. Particularly, Master, Driver, Greaser & lascar must have the required competency certificates from the concerned Authority.
2. The contractor has to make his own arrangements for procurement and storage of adequate quantity of fuel and lubricant for uninterrupted operation of the tug. The Contractor has to arrange for storage and supply of potable water with tap facilities for drinking and other uses of vessels crew and operators.
  3. Hire charges shall be payable to the contractor from the date of certification by Engineer-in-Charge or his representative on handing over of the tug at the location indicated in the schedule of quantity or as communicated by the EIC.

4. Demobilisation charges shall be paid only after successful completion of work and production of certificate to that effect from the EIC as per terms and conditions of the contract. On failure to comply with the terms and conditions of the contract and in case of abrupt withdrawal, the demobilisation charges will not be payable. In such cases the security deposit /earnest money deposit will also be forfeited.
5. Hire charges shall not be payable for any day or part thereof or any period during which the Tugs is not made available for services (i.e. towing assistance during dredging etc.) due to any reason attributable to the contractor or his acts and deeds subject to following clause:
6. If the tugs are not fit for further sailing due to mechanical / other defects or due to safety reasons, similar type of tug with same facilities shall have to be provided in replacement under same terms and conditions within seven days temporarily.
7. Routine repairs and maintenance works shall be adjusted with mutual discussion with EIC such that the overall works schedule is not affected. Total maximum 48 hours may be allowed per month for maintenance of engines and other machineries, and payments for this period are allowable accordingly.
8. The contractor shall bear the cost for running of engine for charging battery of the tug to keep the tug in tip-top condition with full voltage electricity. Engine RPM meter and other gauges shall be provided for the tug on the wheelhouse.
9. Non availability of tugs/workboats for service and non-compliance of instruction of Engineer's representative shall be considered as disqualification of the contractor to claim hiring charges for the tugs/workboats for the period.
10. The tugs shall be placed at the disposal in the place mentioned in schedule and mobilisation amount shall be admissible in fixed lump sum basis. In case permission from any statutory authority is required for mobilization, the contractor must take full responsibilities for getting clearance/permission etc. at his own cost.
11. The main engine and other machineries of the Tugs shall be in good and tip-top condition.
12. The crew of the Tugs/Workboats shall have to work under the instructions of the Engineer-in-Charge or his representative.
13. Hiring of the Tugs may be terminated by IWAI at any time by a written notice of 15 (fifteen) days. No compensation whatsoever shall be payable for such termination. The hiring of the Tugs/Workboats may be extended up to further period of 12 (twelve) months if found necessary by the Engineer-in-Charge. The contract rates for such extended periods shall remain unchanged. Accordingly, the contractor shall quote his rate. No separate mob-demob charges will be payable for any extended period.

14. Hiring of the tugs may be terminated at any time by IWAI if the tug does not give satisfactory service. No compensation on account of such termination shall be payable and decision of IWAI shall be final and binding on the contractor.
15. No compensation shall be payable for damage, wear & tear or loss of the plant/ machinery/ workmen of the contractor during the entire hire period.
16. Operation of the Tugs shall be the responsibility of the contractor and any liability arising out due to damages etc. shall be the contractor's account. Safety of tugs/workboats, etc. shall be of the contractor during both lean and flood season. No extra compensation will be considered in any untoward incident.
17. Mobilization of the Tugs has to be arranged by the contractor within seven days from issuance of order and report to Director, Inland Waterways Authority of India, Kolkata/Patna to run the vessels on River Ganga.
18. The Authority reserves the right to award the entire work to single tenderer or to more tenderers according to suitability.
19. The Authority reserves the right to inspect the tugs/workboats offered by the tenderer for this contract and reject in case the tugs are not found in satisfactory condition or as per specification.
20. The tugs shall be finally taken over by the Engineer's representative after the same is mobilised to the place mentioned in schedule of this contract within the stipulated time and found satisfactory and in accordance with the specifications and conditions laid down in this contract and as recorded during the initial inspection by the Authority. The Engineer-in-Charge will thereafter issue a certificate in this regard indicating the date of taking over. Hire charges shall be payable to the contractor from the date recorded in the certificate as mentioned in Technical and Special conditions of contract.
21. Tenderer shall make arrangements for all such inspections at their yard/place of the evaluation of the tug.
22. The tug shall be de hired on the expiry of the period mentioned in schedule respectively until and unless it is extended by the Engineer-in-Charge in writing prior to expiry of the contract period. Mobilisation and demobilisation charges shall be paid only if the relevant terms and conditions of agreement is carried out successfully.
23. The contractor shall maintain log book with a running serially paged register for each tug/workboat for recording all movements. The log book so maintained must be got countersigned every day by the Engineer-in-Charge or his authorized representative. One copy of the log book shall be enclosed with the running bill.

24. The running charges including POL shall be paid to the contractor strictly on the basis of actual movement of the tugs which is entered and countersigned in the log book.
26. In case of loss or damage to IWAI equipment or materials due to carelessness/ negligence of any crew of the tug, the contractor shall be liable to pay the amount to recover such loss or to rectify the damage so caused. The amount to be paid by the contractor for such eventuality shall be decided by the Engineer-in-Charge and shall be binding on the contractor.
27. For the sake of safety of men and material, carrying or using any alcoholic beverages or drugs on board of the tug shall not be permitted.
28. A sailing order book is to be maintained by the contractor in the tugs. The programmes shall be indicated in this book by the Engineer's representative. The same shall be strictly followed other wise proportionate hire charge may be deducted by the Engineer-in-charge according to the recommendation of the Engineer's representative.
29.
  - a) No mobilisation charge is payable, if the tugs of previous contract are hired for this contract within 30 days of de-hiring / decommission of previous contract.
  - b) No demobilisation charge is payable, if the tugs of this contract are hired for next contract period within 30 days of de-hiring/ decommissioning of this contract.
30. Adequate number of substitute hands shall be provided as required on the tugs/workboats for continuing their operation, if any member of crew is absent or proceeds on leave.

## C. SPECIAL PAYMENT TERMS

1. Mobilisation charges are payable only on successful mobilisation of the tug at the place as instructed by EIC with full compliments and accessories and work men in working condition and a certificate to this effect is issued by EIC or his authorised representative.
2. A logbook shall be maintained by the contractor in the Tugs/Workboats, which shall be got countersigned by the EIC or his representative daily (in triplicate). One copy to be enclosed with each running bill.
3. Based on the log book record, monthly bills shall be raised for hire charges and running charges by the contractor and the bills shall be payable by the Authority on recommendation by Engineer-in-Charge.
4. Demobilisation charges shall be payable on successful completion of the work and shifting of the units to the Owner's yard and on production of a certificate from EIC to that effect.
5. The above terms to be read with reference to Payments clause no. of General Conditions and relevant Clauses of Technical and Special Conditions of contract.

## 6. ESCALATION :

- 6.1 If the prices of P.O.L. materials (not being materials supplied or services rendered at fixed prices by the department) required for execution of the work increase, the contractor shall be compensated for such increase as per provisions detailed below and the amount of the contract shall accordingly be varied, subject to the condition that such compensation for escalation in prices shall be available only for the work done during the stipulated period of the contract including such period for which the contract is validly extended under the provisions of this contract without any action under for imposing liquidity damages or any other penalty and also subject to the condition that no such compensation shall be payable for a work for which the stipulated period of completion is 6 months or less. Such compensation for escalation in the prices of materials and labour, when due, shall be worked out based on the following provisions:
- 6.2 The base date for working out such escalation shall be the last stipulated date of receipt of tender including extension, if any.
- 6.3 The cost of work on which escalation will be payable shall be reckoned as 85% of the cost of work as per the bills, running or final, excluding any work for which payment is made at prevailing market rates. From this amount the value of materials supplied by the IWAI or services rendered at fixed charges, and proposed to be recovered in the particular bill, shall be deducted before the amount of compensation for escalation is worked out. In the case of materials brought to site for which any secured advance is included in the bill the full value of such materials as assessed by the Engineer-in-Charge (and not the reduced amount for which secured advance has been paid) shall be added to the cost of work shown in the bill for operation of this clause. Similarly, when such materials are incorporated in the work and the secured advance is deducted from the bill, the full assessed value of the materials originally considered for operation of this clause should be deducted from the cost of the work shown in the bill, running or final.
- 6.4 Escalation for POL only shall be considered for payment. Components of POL shall be (40% pre-determined). The decision of the Engineer-in-Charge in working out such percentage shall be binding on the contractor.
- 6.5 The contract price will be subjected to adjustment on account of variation of price of diesel, POL according to the formula given below:

$$V_F = \frac{W \times (F-F_0) \times Q_F}{F_0 \times 100}$$

Where

$V_F$  - Variation in cost of fuel, oil and lubricant i.e. increase or decrease in the amount in rupees to be paid or recovered.

$W$  - Cost of work done worked out as indicated in clause 6.3 above.

F &Fo - Average Index Number of wholesale price for group (fuel, power, light and lubricants) – as published weekly by the Economic Advisor to Government of India, Ministry of Industry or from the concerned Marketing Manager of the Oil commission for POL etc. for the period under reckoning, and that valid on the last stipulated date of receipt of tender including extensions, if any.

Q<sub>F</sub> - Component of P.O.L. expressed as a percent of total value of work.

- (i) Following principles shall be followed while working out the indices mentioned in para 6.5 above.
  - (a) The compensation for escalation shall be worked out at quarterly intervals and shall be with respect to the cost of work done as per bills paid during the three calendar months of the said quarter. The first such payment shall be made at the end of three months after the three months interval. At the time of completion of the work, the last period for payment might become less than 3 months, depending on the actual date of completion.
  - (b) The index relevant to any quarter/period for which such compensation is paid shall be the arithmetical average of the indices relevant to the three calendar months. If the period upto date of completion after the quarter covered by the last such installment or payment, is less than three months, the index shall be the average of the indices for the month falling within that period.

6.6 In the event the price of P.O.L. materials required for execution of the work decrease/s there shall be a downward adjustment of the cost of work so that such price of P.O.L. materials shall be deducted from the cost of work under this contract and in this regard the formula herein before stated under the clause 6 .5 shall mutates mutandis apply, provided that :

- a. no such adjustment for the decrease in the price of POL materials aforementioned would be made in case of contracts in which the stipulated period of completion of the work is six months or less.
- b. The engineer-in-Charge shall otherwise be entitled to lay down the procedure by which the provisions of this sub-clause shall be implemented from time to time and the decision of the engineer-in-Charge in this behalf shall be final and binding on the contractor.

6.7 No escalation on any other account except as mentioned above will be payable by the IWAI and the rate should be quoted accordingly.

7. Payment of contractor's bill shall be made by the Authority within 30 days from the date of submission of the bill subject to acceptance of the EIC or his representative.

8. Payment due to the contractor shall generally be made by crossed cheque and issued directly to the contractor on furnishing a stamped receipt for the cheque or to his constituted attorney duly authorised to receive such payment.
