51	Section-II, Clause 16.2.1, SI (s) 3 and 4 at Page 26 and also at SI (s) 1 and 2 at Page(s) 27 and 28	Criteria for relevant experience of the firm for the assignment (Page 26) and Relevant Experience for the Assignment (Page 27 and 28)	The consultancy experience requirements in Sections 3 and 4 contain substantial overlap. Section 3 evaluates consulting experience based on client-specific criteria, while Section 4 focuses on project-based experience. Given the significant weight assigned to consultancy experience, we believe this overlap is unnecessarily restrictive and appears to favor specific vendors. This approach may limit broader market participation. We recommend combining Sections 3 and 4 with appropriate evaluation criteria to encourage more diverse vendor participation. Similar recommendation for the section titled relevant Experience for the Assignment at Page(s) 27 and 28.	Tender Conditions Prevail

This is opined to be overly restrictive and appears to favor specific vendors, potentially limiting market competition. We recommend broadening the professional criteria by eliminating the specific requirement for IWT/Port/State Maritime Board experience.	Tender Conditions Prevail
